22LR Unlock Day One Longshot Rifle Unlock and Skin Day One Shock Rifle Unlock and Skin Day One Uzi Unlock and Skin Day One Variant unlock A Special Edition In addition, this edition comes with a retail box and a digital copy for PC, both of which can be redeemed on Crytek's website. Crysis 3 Gameplay If you pre-ordered the game on PC from certain retailers or picked it up on Steam then your retail box includes a DRM-free copy of the game. Gus in a box: "Double Fine has made a promise to the community that we will look into our DRMs and make sure they work as designed for as many of you as possible. The larger challenge, though, is to fix the broken DRM methods on those of you that cannot use them. We understand this issue and we're working on a solution. "We will be making our solution available to you on June 5th in the form of our Steam Play DRM Extension. The rest of you will have until June 19th to move to a more workable DRM method or to a retail copy of the game, whichever you prefer." "We are working with retailers to make sure they are offering discs without DRM on top of their already DRM-free digital game purchases, and that we will fix the missing Media Go support as quickly as possible. We are working with publishers and retailers to make sure everyone is as clear as possible on the coming changes to our digital distribution platform, and making sure they are made as easy as possible for consumers. We have a number of smaller features that will go into GameSpy that are not huge features in and of themselves but are important to us, and they will be made available in GameSpy as soon as they're done." There is a tonne of stuff I want to get off my chest about, like the fact that I don't really care that so much about the lengthy single-player story when the multiplayer is so good. 'Twas ever thus. But something about a PC DRM re-release has got me steaming about. It would appear that a lot of people can't even play the game if they have it on Steam and I'm annoyed that it's not working properly and that I'm not allowed to move my account to a new PC. So I'm happy to settle for 82157476af
